

**TO THE NEW ENTRANTS OF M.TECH (ME&M) PROGRAMME**  
**INDIAN MARITIME UNIVERSITY KOLKATA**

Dear Candidate,

Greetings from Indian Maritime University, Kolkata Campus.

We are delighted that you have been offered admission to the School of Marine Engineering & Technology of IMU, Kolkata Campus, and we look forward to welcoming you to campus. As a postgraduate student, you are an important part of our university community.

Indian Maritime University-Kolkata Campus, erstwhile Directorate of Marine Engineering & Technology (DMET) / Marine Engineering & Research Institute (MERI), commenced a two-year M.Tech program in the domain of Marine Engineering & Management from August 2017.

The primary focus of the M.Tech (ME&M) program at IMU, Kolkata Campus is to impart technical knowledge of Marine Engineering as well as technology integrated management of Marine Engineering. Our programs have been designed to provide you with the educational experience in the classroom, Advanced post-graduate laboratory & clinical settings that will help you meet your professional and personal goals. We believe in research and practical exposure of the essential theoretical foundations of students in Marine Engineering & Management as a pedagogical intervention. With its emphasis on a strong industry-academic interface, the School of Marine Engineering & Technology has been successfully conducting shipping industry visits. Students are exposing to on-board shipping training and internship in various shipping manufacturing industries for one full semester. As an M.Tech student, you will learn the research and innovation in the field of Marine Engineering and carry out the one semester research project based on Marine Engineering Technology. Such an approach has resulted in providing competent and capable M.Tech graduates in shipping manufacturing and research-based industries.

We encourage you to take advantage of IMU-Kolkata Campus openness—take different courses in the School of Marine Engineering & Technology, seek out faculty with diverse interests & take part in different Marine Engineering Conferences.

We look forward to personally welcoming you to IMU-Kolkata Campus. We are confident that you will find this an inspiring place to pursue your M.Tech studies.
